I am deeply saddened to learn of the passing of our friend

**Anna PETROVA**  
**1977 - 2024**

Always with a big smile, you were a force of nature with a strong-willed character. This allowed you to protect yourself, but could also work against you. Despite my doubts about some of your decisions, you often surprised me by being right. You leave us today, on March 25, 2024 at the age of 46, surrounded by your family and friends, but far from your grieving country. You did everything you could and fought until the end against the illness that gave you no respite, no chance. You can now rest in peace, but you will always remain in our hearts. We love you and we already miss you dearly.
